Welcome to another Impact Bull Sale. What a year its been. From hot and dry to crazy wet. An early snowstorm ending the early harvest , cold December ,and then a warm February. This province is totally unpredictable. Due to the crazy fall the animals where weaned later than usual but fed the same balanced ration that we always use to ensure longevity. The one thing that is predictable is the quality of the bulls and our commitment to improve the herd yearly. We believe in buying the best herd bulls for the traits we desire. Calving ease and good temperament are two of the necessities. You can tell by a few of the nipped ears our cows calve on there own.

Once again we would like to thank our partners and friends the Georges and McAvoy's for being great to work with and bringing such top quality animals to the sale yearly. As well I would like to thank the Hales for feeding the bulls. My family and Cameron for the daily operations of the farm. Lastly but not least the neighbors customers and friends for there continued support in our program.

The Tetzlaffs

www.jandscattle.com

It is my pleasure to welcome you to the 9th Annual Impact Bull Sale. This year was a mind blowing one to say the least! At our place we had 80% of our land get hit with hail and 26 inches of rain from April 1st to October 31st. It took us till the middle of November before we completed harvest and had any straw baled up. On the bright side, our corn silage was amazing; averaging over 24 ton an acre and we were able to graze the cows until the middle of December. Due to the wet weather all year, our calves did not get weaned until the middle of December as well; this is why are weights will be a bit lower than usual. This years' bull offering is featuring a few new Herd Sires include Mohnen Long Distance, Jindra Double Vision and Krebs Rocky. This years sale bulls have something for everybody; from bigger power bulls to your calving ease specialists. If you have any questions on any of the sale offerings please don't hesitate to give me a call. We hope to see you on sale day but if you are unable to attend, please feel free to call me as I do offer a sight unseen program. The bulls will be semen tested and vet inspected prior to sale day. The 365-day weights and scrotal measurements will be available prior to the sale. Thanks again to the Tetzlaff's and McAvoy's, as well as all the people that help make the Impact Sale a great success!

On behalf of Shauna, myself and our 3 boys (Dawson, Carson and Connor), I would like to thank you for taking interest in our program.

Thank you for your patronage and friendship; it is greatly appreciated. I look forward to seeing you on sale day!

Sincerely,

Jason

Welcome to the 9th Annual Impact Bull Sale.

The last year has been a true test of emotion with the highs and low's we saw last summer and fall. A very wet harvest was delayed or even left uncompleted and calves were late getting weaned or shipped to town. However on the up side yields for the most part were really good, Charolais sired calves were outselling all the others as the market regained itself. McAvoy Charolais also had a very successful fall on the show road.

The bulls we have on offer this year are another exciting group that consists of bulls that were at the top of the breed last fall, good hairy, rugged, performance bulls to bulls with plenty of calving ease out of our first calvers.

We are doing something a little different this year by using this opportunity to do some fundraising for our local rink, that was lost to fire in May 2015. We will be donating the value of one bull from the sale to the Perdue Arena Rebuild Fund. A representative will be there sale day to take donations if you so choose.

A special thanks to T Bar C Cattle Co. Ltd. and Saskatoon Livestock Sales for their support in our endeavour. Another special thanks goes out to the George and Tetzlaff families for being good friends and partners in this event

- Mike

On May 23, 2015 our local arena, the heart of our community, was consumed by flames and totally destroyed. Since that time, the Perdue Arena Rebuild Project has begun. The arena is at lockup stage with work to resume again in late March.

To date over \$1.25 m has been raised including insurance proceeds from the fire. Our committee is hard at work with fundraising events and a donor drive. To complete the project we require \$500,000.00 more (a 15% contingency included). This money will be used to finish the interior, boards and glass, etc.

With the support from the people and volunteers of Perdue and surrounding area, our dream is becoming a reality...."ONE RAFTER AT A TIME". Visit the Perdue Arena Rebuild Facebook page or Village of Perdue website for more pictures and info.

Lunch will be served prior to the sale and refreshments served after the sale.

Insurance...

Stockamans Insurance: 306-932-4866

Triple L Angus and J & S Cattle would like to keep 1/3 semen interest in all bulls, collection at owner's convenience and our expense.

COWMAN FORMULA

Increase in pounds per calf from a top performance bull
 X number of cows bred to him per year
 X number of years to keep the bull
 X expected selling price of calves
 = Additional dollars you can pay for a better bull

Example: A bull who will add 30 lbs. to the weaning weight of each of his calves, mated to 25 cows per year for 4 years, and you sell his calves for \$1.00 per pound.

$30 \text{ lbs} \times 25 \text{ cows} = 750 \times 4 \text{ years} = 3000 \times \$1.00/\text{lbs.} = \$3,000.00$

This bull is worth \$3,000.00 more than the average bull who will keep your weaning weights the same. Take this formula and put your own figures in and see what you can afford to pay. This equation does not take into consideration the increase in value due to calving ease, higher quality replacement heifers, yearling growth, feedlot gain and improved carcass quality.

Online Bidding:

Sarah Buchanan - 306-681-5340

From the desk at T Bar...

The 9th edition of "Impact" promises an exciting day west of Saskatoon. For the past eight years, this sale has been a source of the industry's finest Angus and Charolais, all under one roof, one day...a one-stop shopping centre for your herd sire needs. Each breed compliments the other as these breeds are the "staple" to the beef cattle industry.

The folks from Triple L, Randy, Kim and Family come with their red division, featuring the first sons of "Kill Switch"...the Denver Champion Bull. In addition, the entire fall show team sells, offering producers the opportunity to get at the top of the pen. You will like the hair and shape of these red bulls along with their calving ease traits for your heifer pastures. In addition to the red program at Triple L, the black division has been growing in strength and quality... don't hesitate on these top bulls!

Predictable sires stem from great mothers...strong in maternal values and profitable with any sire mating. Jason and Shauna at J & S have one of the leading cow herds, both in genotype and maternal predictability. In building their program, Jason acquired the best genetics in the Black Angus breed. Raised on the rolling hills, these bulls are sound, thick, hairy and full of longevity. They offer performance without sacrificing calving traits... so important in the industry today!

Not to over shadow the Angus offering, the McAvoy Family bring two of the top Charolais bulls born in Canada in 2016. These two power machines were the most "kicked-up" bulls in the Agribition barn...approved by both breeders and judges where they captured both calf division titles. To add to the record, "Direct Deposit" was named "King of the Ring" just weeks earlier in Lloydminster over all-breeds bull calves. Most exciting about the McAvoy Charolais offering is the fact they could have brought several more from the pen at home and been competitive. The cream has risen to the top as Mike, Dean and their families have become leaders in the Charolais breed and present their powerful offering of profit-makers.

The name for this sale is "Impact" and very fitting as these three progressive operations make an impact on their customers, fellow breeders, community and the livestock industry. Plan to be with us for a day of opportunity. Feel free to visit any of these breeders at their farms and preview the bulls and their mothers or give them a call and they will be pleased to assist you as to what bulls will fulfil your breeding needs.

If we may be of assistance prior to or sale day feel free to call any of the T Bar Team or myself, we are willing to assist you in a professional, confidential manner.

Killswitch is a bull that brings a lot of great things to the table. His foot structure is impeccable, a big solid round foot that allows him to move with ease. He has a wide base with a great lower quarter that is hard to find.

In a world where we get paid by the pound he can also add pounds with a bit of frame and length. To top it all off his calving ease is as trouble free as any bull I've ever used. His daughters have beautiful udder structure and are the front pasture broody kind.

Long Distance was used only on a handful of cows this year in our AI program. His outcross, maternally oriented pedigree combined with elite calving ease, solid growth and carcass provide unlimited flexibility. Long Distance is the breeds #1 proven calving ease bull while creating exceptional females. He is also a very docile sire. If I knew his calves were going to be this good I would of used him a lot more!

Smooth was purchased out of the 2014 Krebs Ranch Bull Sale. He was purchased to add some outcross genetics without giving up style and correctness. Smooth offers a rare level of style, balance and class that would stop you in your tracks. His design and pattern are flawless. His calves at Krebs, Hamilton Farms and our place are impressive.

Owned with Hamilton Farms

"Cover Shot" is a loose made bull with extra middle and a lot of hip. He assembles his great dimensional look in a very stylish package. Cover shot was part of the pen of 3 bulls that won Denver. Cover Shot has all the attributes you are looking for in an Angus Bull whether it be maternal strength, power, calving ease or just good eye appeal. Cover Shot was injured in breeding season so his calves we limited in 2016.

When pounds pay, look to Double Vision! This bull is a performance sire for breeders who demand heavy weaning calves and progeny that excel in the feed lot. Progeny are heavy boned cattle of sound structure and balance body design.

*McAvoy Charolais Bull Health Program
 All bulls were vaccinated at semen testing
 time with Express 5
 and Fermicon 7/Somnugen.
 They were also given the first dose
 of Fusogard footrot vaccine and need a
 second dose before turn out.*

TERMS AND CONDITIONS

Terms:

The terms of the sale are cash or cheque, payable at par at the sale location. The right of property shall not pass until after settlement has been made; no invoicing on buyers in attendance unless previous arrangements have been made. Every animal sells to the highest bidder and in cases of disputes the auctioneer's decision will be final. Announcements from the auction block will take precedence over the printed matter in the catalogue. Current exchange rates will be announced sale day. All monies are in Canadian funds.

Certificate of Registration:

Each animal will carry papers issued by the Canadian Angus Association or Canadian Charolais Association, unless otherwise specified. A certificate of registry duly transferred will be furnished to the buyer for each animal after payment has been made.

Health:

All animals in the sale have met all necessary health requirements.

Liabilities:

All persons attend the sale at their own risk. The sellers, facility owner, auctioneer and sale manager assume no liability, legal or otherwise, for any accidents that occur. It is understood that T Bar C Cattle Co. Ltd. is acting only as a medium between buyer and seller and is not responsible for any failure on the part of either party to live up to his obligations. Neither does T Bar C Cattle Co. Ltd. assume any financial obligations to collect or enforce collection of any monies between parties and any legal action that may, in exceptional cases, be taken must be between the buyer and seller. T Bar C Cattle Co. Ltd. assumes no responsibility for any credit extended by the seller to the buyer. The buyer must look to the seller for fulfillment of all guarantees and representations made hereunder.

Guarantee:

Each animal becomes the purchaser's risk immediately after the animal has been sold. All animals in this sale will be sold under the terms and guarantees set forth by the Canadian Angus and Canadian Charolais Associations with regard to health, freedom from defects and from both reproductive and specific genetic unsoundness.

Delivery:

Every assistance will be given in getting your purchases home. Each animal becomes the risk of the purchaser as soon as sold.

Phone, Mail & Wire Bids:

Bidders unable to attend the sale may phone, wire or mail their bids and instructions to the sale manager, auctioneer or special representatives. Bids must be received in sufficient time prior to the sale.

Insurance:

Agents will be in attendance to insure your purchases. We strongly recommend that insurance is purchased for full value.

Errors:

All announcements at sale time, written or oral, supercede any written material in the catalogue.
